

WHOI's Guaranteed Ride Home Program:

For many commuters, choosing “a smarter way to work” (e.g., sharing the ride in a carpool or vanpool, taking transit, biking or walking to work) means saving hundreds of dollars each year. If you’re taking “a smarter way to work” or even considering it, now WHOI is making it even smarter with Guaranteed Ride Home.

Guaranteed Ride Home provides commuters who regularly carpool, vanpool, bike, walk or take transit to work with a reliable ride home when one of life’s unexpected emergencies arises. Commuters will be able to use Guaranteed Ride Home to get home for unexpected personal emergencies and unscheduled overtime up to FOUR times per year. Restrictions apply so, be sure to read the participation guidelines. Best of all, the Guaranteed Ride Home by taxi or bus is Free!

Guaranteed Ride Home is designed to rescue commuters who are worried about how they’ll get home when an emergency arises. Knowing there’s a guaranteed ride home allows you to use commuting options like transit and carpools with confidence.

The program may be used by all registered WHOI carpools or vanpools, and all employees who bike, walk, or take public transportation to work.

PREFERENTIAL PARKING: All registered WHOI carpools or vanpools will be eligible to receive a rear view mirror ‘hanger’ which entitles them to preferential parking on both campuses. Please contact the Transportation Office via email, Transportation@whoi.edu for more information about this program.
