

Human Resources: Promotion & Advancement

In order to properly reward employees for good performance and advancement of skills, an orderly and equitable promotion system has been established within the Institution.

Process & Guidelines

The process and guidelines for promotion depends on what position the employee is being promoted to. Find out more information for:

[» Scientific & Technical Staff](#)

Guidelines for positions on the scientific, research, engineering, and information systems ladders.

[» Administrative Professionals](#)

Guidelines for positions on the administrative professionals ladder.

[» Promotion through a job posting](#)

Guidelines and eligibility for promotion to a higher level position through a job posting.
