

Human Resources: Child Care

Like most other services in this area, childcare will probably cost more than you are used to paying. It is difficult to report an average fee because programs vary. The WHOI Child Care and Family Resource Directory lists area child care centers and providers and is available from the WHOI Human Resources Office.

Families need to bring verified medical records for their children to prove they have been immunized. The State of Massachusetts requires such records for children to enroll in school or to participate in child care programs.
