

Human Resources: Transportation

Woods Hole/Falmouth is accessible by bus and car with major connections through Boston, Massachusetts and Providence, Rhode Island. The Bonanza Bus Line serves Woods Hole and Falmouth from downtown Boston and Boston's Logan International Airport. Bus schedules are available at the bus depot in Falmouth as well as by calling the bus company at 1-888-751-8800. Local public transportation is only available in the summer; a bicycle is feasible for getting around in Falmouth and Woods Hole, but a car is preferable. A WHOI shuttle bus operates at no charge between the two WHOI campuses Monday - Friday.

The [WHOI International Committee](#) has a [Bicycle Loan Program](#). Bicycles can be loaned on a short-term basis to new employees until they secure a more permanent form of transportation. Contact a member of the International Committee to request a bicycle loan.
