

Human Resources: WHOI's International Committee

International Committee

The Woods Hole Oceanographic Institution's International Committee was formed to welcome and to help acclimate international visitors to the Institution and the community. The committee sponsors several functions throughout the year. You are encouraged to attend these fun and informative events so that you can meet members of the WHOI community and other international friends.

The International Committee website provides information about the resources and activities in the Woods Hole/Falmouth area. In addition, volunteers are available for conversational English, carpooling or tours of the local area. Also, find information on English-as-a-Second Language (ESL) courses, if you or your family members wish to have help in learning English or improving your English-speaking skills.

For more information visit the International Committee website at: www.whoi.edu/committees/international
