

OCB-OA: Scientists who contributed to or helped review this document

Simone R. Alin, Supervisory Oceanographer, NOAA Pacific Marine Environmental Laboratory, USA

Andreas Andersson, Assistant Professor, Scripps Institution of Oceanography, University of California San Diego, USA

David Archer, Professor of Geophysical Sciences, University of Chicago, USA

Jim Barry, Senior Scientist, Monterey Bay Aquarium Research Institute, USA

Nicholas Bates, Senior Research Scientist and Director of Research, Bermuda Institute of Ocean Sciences, Bermuda

Jelle Bijma, Biogeochemist, Alfred Wegener Institute for Polar and Marine Research, Germany

Knut Yngve Børsheim, Senior Research Scientist, Institute of Marine Research, Norway

Ken Caldeira, Senior Scientist, Carnegie Institution for Science, USA

Anne Cohen, Research Specialist, Woods Hole Oceanographic Institution, USA

Marie Collard, FRIA Fellow, Université Libre de Bruxelles, Belgium

Sarah Cooley, Research Associate III, Woods Hole Oceanographic Institution, USA

Andrew Dickson, Professor of Marine Chemistry, Scripps Institution of Oceanography, University of California San Diego, USA

Scott Doney, Senior Scientist, Woods Hole Oceanographic Institution, USA

Carlos Duarte, Director and Winthrop Professor, University of Western Australia, Australia

Sam Dupont, Researcher, University of Gothenburg, Sweden

Richard A. Feely, Senior Scientist, NOAA Pacific Marine Environmental Laboratory, USA

Helen Findlay, Lord Kingsland Fellow, Plymouth Marine Laboratory, UK

Grant Galland, Ph.D. Candidate, Scripps Institution of Oceanography, University of California San Diego, USA

Jean-Pierre Gattuso, Senior Scientist, Centre National de la Recherche Scientifique and Université Pierre et Marie Curie-Paris 6, France

Mark Green, Professor of Marine Science, St. Joseph's College, USA

Pamela Hallock Muller, Professor, College of Marine Science, University of South Florida, USA

Jason Hall-Spencer, Marine Biology Lecturer, University of Plymouth, UK

Ellycia Harrould-Kolieb, Ph.D. Candidate, University of Melbourne, Australia

Dorothee Herr, Marine Programme Officer, IUCN

Natalie Hicks, Postdoctoral Research Associate, Scottish Association for Marine Science, Scotland, UK

Michael Holcomb, Postdoctoral Research Associate, Centre Scientifique de Monaco, Monaco

Bärbel Hönisch, Assistant Professor, Department of Earth and Environmental Studies and Lamont-Doherty Earth Observatory of Columbia University, USA

David Hutchins, Professor of Marine Environmental Biology, University of Southern California, USA

Debora Iglesias-Rodriguez, Lecturer, National Oceanography Centre of the University of Southampton, UK

Ryan Kelly, Analyst for Science, Law, and Policy, Center for Ocean Solutions, Stanford University, USA

Robert Key, Research Oceanographer, Princeton University, USA

Joan Kleypas, Scientist III, National Center for Atmospheric Research, USA

Nelson A. Lagos, Universidad Santo Tomas, Chile

Chris Langdon, Associate Professor, University of Miami, USA

Fred Mackenzie, Professor Emeritus, University of Hawaii, USA

Patricio Manríquez, Universidad Austral de Chile, Chile

Derek Manzello, Associate Scientist, Atlantic Oceanographic and Meteorological Laboratory, NOAA, USA

Jeremy Mathis, Supervisory Oceanographer, NOAA Pacific Marine Environmental Laboratory, USA

Daniel McCorkle, Associate Scientist, Woods Hole Oceanographic Institution, USA

Michael O'Donnell, Resident Scientist, University of Washington, USA

James Orr, Senior Scientist, Laboratory for the Sciences of Climate and Environment, France

Cathy Pfister, Associate Professor, University of Chicago, USA

Hans-Otto Pörtner, Professor, Alfred Wegener Institute, Germany

James Rae, NOAA Postdoctoral Fellow, California Institute of Technology, USA

Greg Rau, Senior Research Scientist, Institute of Marine Sciences, Univ. Calif., Santa Cruz, USA

Ulf Riebesell, Professor for Biological Oceanography, Leibniz Institute of Marine Sciences IFM-GEOMAR | Helmholtz Centre for Ocean Research Kiel, Germany

Andy Ridgwell, Royal Society University Research Fellow, University of Bristol, UK

Christopher L. Sabine, Laboratory Director, NOAA Pacific Marine Environmental Laboratory, USA

Joe Salisbury, Research Scientist, University of New Hampshire, USA

Daniela Schmidt, Senior Research Fellow, University of Bristol, UK

Brad Seibel, Assistant Professor of Biological Sciences, University of Rhode Island, USA

Kate Segarra, U.S. Navy Climate Change Task Force, Office of the Oceanographer of the Navy, USA

Courtney St. John, Climate Change Affairs Officer, U.S. Navy Climate Change Task Force, Office of the Oceanographer of the Navy, USA

Svein Sundby, Professor, Bjerknes Centre for Climate Research, Norway

Anne Todgham, Assistant Professor of Biology, San Francisco State University, USA

Carol Turley, Senior Scientist, Plymouth Marine Laboratory, UK

Chris Vivian, National Marine Advisor, Cefas, Lowestoft, UK

George Waldbusser, Assistant Professor, Oregon State University, USA

Steve Widdicombe, Benthic Ecologist, Plymouth Marine Laboratory, UK

Phil Williamson, Science Coordinator for NERC SOLAS, University of East Anglia, UK

Kimberly Yates, Senior Research Scientist, U.S. Geological Survey, St. Petersburg, FL, USA

Richard Zeebe, Associate Professor, University of Hawaii at Manoa, USA

Patrizia Ziveri, Senior Scientist, Universitat Autònoma de Barcelona, Spain
