"I thought I would bring the photography of this trip to a close by choosing my favorite photographs. When I initially selected my top shots I had a folder filled with over 200 images. So I decided to take another path and choose my top 20 not by composition but by the feelings and memories they awake in me. Thank you for following along with us on this journey." - Rachel

1. At the beginning of this trip the deck was filled to the brim with mooring equipment and these large top floats reminded me of the old fashioned holiday ornaments my grandmother puts on her tree every year. (Rachel Fletcher)
