

PECS 2012 Conference: Sea-Bird Scientific

[Sea-Bird Electronics](#), [WET Labs](#), and [Satlantic](#) have recently combined to form [Sea-Bird Scientific](#). Sea-Bird Scientific will continue to focus on delivering the most reliable data for scientists and information for managers, backed by the industry's best customer service.

We draw from decades of collective sensor development expertise to provide world-class oceanographic and water quality instruments on integrated platforms to enable the advancement of science and monitoring worldwide.

- Temperature
- Salinity
- Oxygen
- pH
- Fluorescence
- Nutrients
- Turbidity
- Irradiance
- IOP
- AOP

Current developments include integrated physical and biogeochemical instruments for long-term deployment platforms and creation of new measurement methodologies.
