

Coastal Groundwater Geochemistry: Welcome to the members page

The Coastal Groundwater Geochemistry features a diverse group of current, past, and collaborative members from all around the world. Our lab employs scientists, postdoctoral scholars, and undergraduate students.

If you are interested in working with us, There are a few educational programs through which this can be achieved. Check this link:

[Woods Hole Oceanographic Institution-Academic Programs Office](#)

Application deadlines range from mid January through mid February, depending on the program. For more information, please e-mail [Matt Charette](#).
