

P450 Biodiversity and Biotechnology: History/Organizing Committees

History

This series of international symposia on the biodiversity and biotechnology of the cytochromes P450 was founded as a complement to the International Symposium on Cytochrome P450 Biochemistry and Biophysics. These two meetings are held in alternating years, such that there is always a P450 symposium to attend!

Scientific Organizing Committee

[John Stegeman](#) (Co-Chair) – Woods Hole Oceanographic Institution, USA

[Mary Schuler](#) (Co-Chair) - University of Illinois, USA

[Stephen Sligar](#) - University of Illinois, USA

[Jed Goldstone](#) - Woods Hole Oceanographic Institution, USA

Søren Bak - University of Copenhagen, Denmark

Rita Bernhardt - Saarland University, Germany

Joerg Bohlmann - University of British Columbia, Canada

Phillip Daborn - University of Melbourne, Australia

René Feyereisen - INRA, Nice, France

Margaret O. James – University of Florida, USA

Eric Johnson - The Scripps Research Institute, USA

Steven L. Kelly - University of Wales Swansea, UK

Birger L. Møller - University of Copenhagen, Denmark

Andrew W. Munro - University of Manchester, UK

David R. Nelson - University of Tennessee, USA

Hideo Ohkawa - Fukuyama University, Japan

Daisaku Ohta - Osaka Prefecture University, Japan

Paul Ortiz de Montellano - University of California San Francisco, USA

Thomas L. Poulos - University of California Irvine, USA

Hirofumi Shoun - University of Tokyo, Japan

Hans vanEtten - University of Arizona, USA

Michael Waterman - Vanderbilt University School of Medicine, USA

Danièle Werck-Reichhart - CNRS, Strasbourg, France

Local Organizing Committee

John Stegeman - Woods Hole Oceanographic Institution

Jed Goldstone - Woods Hole Oceanographic Institution

Josh Hamilton - MBL, Woods Hole

Mark Hahn - Woods Hole Oceanographic Institution

Akira Kubota - Woods Hole Oceanographic Institution

Previous Meetings

Year	Place	Local Convener(s)
2008	Nice, France	Rene Feyereisen
2006	Swansea, UK	Steven Kelly
2004	Awaji Island, Japan	Hideo Ohkawa
