

Women's Committee: 2009 Women's Committee Survey & Results

In the fall of 2009 the Women's Committee sent a survey to all women at WHOI with this message.

The Women's Committee, whose primary charge is to be a forum for the ideas and concerns of women associated with WHOI, is looking to learn more about what issues are important to women in the WHOI community, what events and activities you feel the committee should be participating in, and to learn of any issues or feedback. If you get a moment to fill out the following survey, we would greatly appreciate it!

The survey closed on November 18, 2009.
