

Woods Hole Sea Grant: General Sea Grant

[Two if by Sea](#)

Joint newsletter of the WHOI and MIT Sea Grant programs.

Woods Hole Sea Grant in the 21st Century: A Strategic Assessment of Issues and Opportunities

Woods Hole Sea Grant

12 pp., 2005 WHOI-Q-05-001

Also available online: [click here](#)

Portfolio: Fisheries and Aquaculture

Woods Hole Sea Grant

16 pp., 2005 WHOI-Q-05-002

Also available online (PDF): [click here](#)

Learn more of how, over the past three decades, Woods Hole Sea Grant has invested in research, extension, and outreach in the programmatic theme area Fisheries and Aquaculture. This investment has resulted in the development of better management practices and policies for shellfish harvest and shellfish aquaculture, a better understanding of the life history and environmental requirements of commercially important species offish and shellfish, and quantitative assessments and subsequent improvements of restoration activities.

Portfolio: Estuarine and Coastal Processes

Woods Hole Sea Grant

18 pp., 2005 WHOI-Q-05-003

Also available online (PDF): [click here](#)

Learn more of how, over the past three decades, Woods Hole Sea Grant has invested in research, extension, and outreach in the programmatic theme area Estuarine and Coastal Processes. This investment has resulted in better understanding of the physical, chemical, geological, and biological processes of coastal habitats. This information has been applied to critical management decisions in the coastal zone including water quality issues, shoreline erosion and storm damage, and food web dynamics.

Portfolio: Environmental Technologies

Woods Hole Sea Grant

10 pp., 2005 WHOI-Q-05-004

Also available online (PDF): [click here](#)

Learn more of how Woods Hole Sea Grant has focused its efforts in Environmental Technology on developing innovative ways to monitor environmental changes in coastal habitats specifically linked to consequences related to harmful algal blooms, toxicology, climate change and eutrophication.

Portfolio: Outreach, Education and Human Resources

Woods Hole Sea Grant

14 pp., 2005 WHOI-Q-05-005

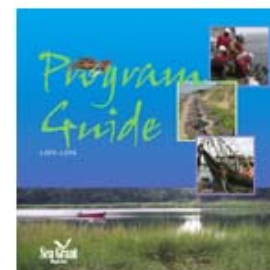

Also available online (PDF): [click here](#)

Learn more of how Woods Hole Sea Grant's investment in Outreach and Education has resulted in the development and implementation of outreach materials and educational programs designed to encourage users of our marine and coastal resources to explore, understand, and appreciate the value of these resources.

Woods Hole Oceanographic Institution Sea Grant Program, Project Guide: 2004-2006
