

Michael Scott McCartney

Physical Oceanographer

Senior Scientist

Department of Physical Oceanography

Woods Hole Oceanographic Institution

B.S., Case Institute of Technology, 1970

M.S., Case Western Reserve University, 1972

Ph.D., Case Western Reserve University, 1973

Graduate Assistant, summer 1970; NSF Trainee, 1970–1971; Graduate Assistant, 1971–1973; Postdoctoral Research Associate, 1973, Case Western Reserve University; Summer Student Fellow in Geophysical Fluid Dynamics, 1972; Postdoctoral Scholar, 1973–1974 Postdoctoral Investigator, 1974–1975; Assistant Scientist, 1975–1979; Principal Lecturer, 1979, Program of Summer Study in Geophysical Fluid Dynamics – Polar Oceanography; Associate Scientist, 1979–1994, tenure awarded, 1983; Senior Scientist, 1994–, Columbus O'Donnell Iselin Chair for Excellence in Oceanography, 2000–2004, Woods Hole Oceanographic Institution.

Member, International Southern Ocean Studies (ISOS) Executive Committee, 1975–1982

Associate Editor, *Journal of Geophysical Research* (Oceans and Atmospheres), 1980–1985;

Journal of Physical Oceanography, 1985–1989

Senior Editor, Supplement to Volume 40 of the *Journal of Marine Research* (Worthington Volume), 1981–1982

Member, U.S. NRC Panel on Climate Variability on Decadal-to-Century Time Scales, 1995–1998

Fellow, The Cooperative Institute for Climate and Ocean Research (CICOR—a Joint Institute of WHOI and NOAA), 1998–present

Member, Institute Advisory Committee for the WHOI Climate Institute, 2001–2003

U.S. CLIVAR Atlantic Implementation Panel, 1999–2001

International CLIVAR Implementation Panel, 2000–2001

Research Interests: Descriptive physical oceanography: distribution and circulation paths and intensities of water masses, particularly those originating in the polar and subpolar zones; the potential effects of carbon dioxide-induced atmospheric warming on oceanic circulation and water mass formation; paleoceanography.

Author or co-author of 41 refereed scientific publications

December, 2006
