

Human Resources: What You Need to Know About the 1099-HC Form

Important Tax Information

Under the Massachusetts Healthcare Reform, all Massachusetts (MA) residents are now required to have health insurance. Those who do not will be assessed a penalty on their state income taxes. In order to avoid paying this penalty, MA residents will need to provide evidence of having health insurance. The 1099-HC form is a Massachusetts document which serves as proof of health insurance coverage for MA adult residents. Every MA resident who has insurance will receive an annual 1099-HC form which is completed and provided by your insurance carrier. You should receive a 1099-HC form in the mail by January 31st each year. If you don't receive it by this date, please contact your insurance carrier.
