# Title Five Regulations & Alternative Septic Systems

Thursday, March 25, 2004

9:00 am - 12:00 pm

Waquoit Bay National Estuarine Research Reserve Headquarters  
149 Waquoit Highway (Route 28), E. Falmouth

In today's explosive real estate market on Cape Cod, home sellers and potential buyers are aware they must comply with Mass. Title V regulations. Realtors must be knowledgeable about the regulations in order to facilitate the sale. If you'd like to learn more about the current regulations, as well as what the newer technologies have to offer, and earn continuing education credits....register today!

---

## **Title V - 2 Credits**

Mr. Heufelder has many years of experience in and around septic systems. He will talk about the current regulations for homeowners and commercial property owners, upkeep of systems and permitable alternative systems. Participants will also learn about the inspection process, exemptions, the Mass. tax credit and reporting responsibilities. Mr. Heufelder is responsible for the alternative septic system test site located near the MMR, where he is evaluating numerous denitrification systems.

**George Heufelder, Director, Barnstable County Department of Health and the Environment**

**The Top Ten Actions Realtors Can Take To Help Protect Cape Cod** - The Waquoit Bay Reserve defines coastal decisionmakers as people, who, in the course of their normal workday, make decisions that affect the health of the coast. Reserve Education Coordinator Joan Muller will explain why realtors have a great deal of power in this arena and present some actions realtors can take to empower themselves and their clients to increase their positive and decrease their negative impacts upon the environment.

There is no charge for this workshop: registration is preferred, but walk-ins are welcome.

**Continental breakfast and registration begin at 9:00 am.** For more information or to register please call Laurie Tompkins at WBNERR, 508-457-0495 x108.
