### IMAGE OF THE MONTH

---

### It's Hot!

The [MIT-WHOI Joint Program](#) in Oceanography celebrated a milestone this month when it awarded its [1,000th degree](#). The two renowned scientific institutions joined forces in 1968, and since that time, the Joint Program (JP) has become among the most respected in the country. "Since its inception, the Joint Program has been instrumental in the development of oceanographic leaders and contributing to the advancement of our knowledge about the ocean, in the U.S. and internationally" said James Yoder, vice president for Academic Programs and dean at WHOI.
