Dr. Asha de Vos

Founder/Executive Director,
Oceanswell, Sri Lanka
Marine biologist and
ocean educator

Dr. Chris Reddy

Senior scientist and
marine chemist, WHOI

How science, communities, and industry are working together to sustain ocean health.

New partnerships are key to transforming our relationship with the ocean. Join us to learn how a plastic spill off the coast of Sri Lanka forged new collaborations and how alliances spanning many sectors of society may help ensure the health and vitality of the ocean and the people who rely on it. Hosted by **Ken Kostel**.

Made possible through the generous support of the Avatar Alliance Foundation and Dalio Philanthropies
