UN OCEAN CONFERENCE

Alameda Arena, Lisbon, Portugal | 27 Jun - 1 Jul 2022

WHOI joins world leaders at UN Ocean Conference

Institution representatives head to Lisbon to discuss the ocean's critical role in addressing climate change

Rivers, estuaries, and deltas

Each pathway brings freshwater to the ocean. But what makes them different from one another?

Image of the week: "Ctenophores on our shores!"

These gelatinous creatures, also known as comb jellies, light up our coastal waters with bioluminescence

Giving reefs a chance with ocean chemistry

WHOI marine chemist Colleen Hansel describes the chemical sensors that will help us diagnose coral diseases
